Be kind, be curious, be you!

Friday 7th November 2025

Dear Parents and Carers,

Welcome back to Murphy Class after the half term break! We hope you had a restful week and that you and your child are ready for an exciting and busy term ahead.

We will continue to spend time outdoors every day, so please make sure your child has a warm, waterproof coat and wellies in school every day (wellies can be left in school and taken home if/when needed for weekends or school holidays). Please can they also bring their **book bag** and **water bottle** each day (plus lunch box if needed), except on Thursdays when Outdoor Learning kit is needed, and book bags aren't. Please can we also ask that all coats, jumpers, PE hoodies, hats, etc are clearly named, so we can help children keep track of their belongings. Thank you for your help.

Our topic

Our main topic this term is 'Sparkle and Shine'. There are lots of festivals to celebrate in our community and beyond in the coming months and we will be finding out how people celebrate Diwali, Bonfire Night, Hanukkah, Thanksgiving and Christmas. It is so important for the children to become aware of the wider world and different cultures and communities. This topic really helps them to appreciate and explore life beyond our local vicinity.

Phonics & reading

In Phonics, we will be recapping single-letter sounds and beginning to learn some common digraphs (2 letters that make 1 sound, e.g. th, qu, sh). Children will continue to build their blending skills to read words and use the sounds learnt to start writing words too. I will reschedule the meeting in the coming weeks to help you support your child learning to read; further details will follow soon.

Please ensure your child has their reading folder with books and reading record in school every day (except Thursday) and return all books on a Wednesday. Reading books will be a mixture of wordless books (to encourage storytelling and prediction skills) and books or short 'ditty' story sheets linked to the phonic sounds they have been working on in school. We do understand that children are often tired at the end of a school day and every family has different routines and working patterns, but reading as often as possible is hugely beneficial. Ideally, try to share each text with your child 3 times; children learn best through repetition, and the more words they recognise and can read without having to decode (or 'sound out'), the better. Please also continue to practise with the phonics flashcards as often as possible, too.

Be kind, be curious, be you!

It is very helpful if you can jot down in their reading record book what you do at home – what you've read together, how they have got on with the books, anything they particularly enjoyed or found difficult, etc.

Maths

In Maths, children will be securing and deepening their knowledge of numbers to 5. We will be ensuring that children understand the composition of each amount - recognising, representing, combining, and comparing them. Children will also learn to use positional language to describe how items are situated in relation to other items, enabling them to then represent real and imaginary journeys with models, drawings and maps. In addition, we will explore 2D shapes, focusing this term on circles, triangles, and then 4 sided shapes. We will explore and label the properties of circles, triangles, squares and rectangles and be able to spot them in the everyday environment.

Outdoor Learning

Our Outdoor Learning sessions will continue to be on Thursday afternoons, taking place in either the woods or in the school garden/grounds. Please make sure your child comes to school wearing their outdoor learning clothes (long sleeves and trousers) and brings appropriate layers, **waterproofs** and wellies (if not already in school) in a named rucksack or bag. As it is getting colder, please can you make sure your child is wearing warm clothing and that they have a hat, gloves and scarf (please make sure that these are named.) In addition, can we also ask for a spare pair of trousers and socks to be provided each week so that the children can change out of wet/muddy items after the session. We know outdoor learning time is loved by the children; it will be fantastic to continue exploring the outdoor world around us during wintertime and developing their physical skills.

P.E.

P.E. sessions will continue in school every Monday afternoon, so your child needs to be in full PE kit and trainers every Monday. Sessions will be indoors. Our topic this term is Dance, linked to the festivals and celebrations that we are learning about.

Home Learning

Thank you for your support with home learning last term. We hope that you are enjoying finding out about the things we've been up to each week and supporting and extending the learning over the weekend. Home learning books will come home on a Friday, to be returned on a Wednesday. How the children choose to complete the activities is up to them – it maybe they wish to chat about their ideas, or to draw or write something, take a photo, or maybe even build or create something! It is important to see early years home activities as a creative exercise and, best of all, as something you and your child can share and enjoy together. We really appreciate it

if you can jot down a few comments about how they have found the activities and the sorts of things you talked about or created, so that we can follow-up in school if there are any misconceptions, gaps in learning, or special interests that we can build on.

Show and tell

This term, we want to support children develop the skills of talking in front of a group, and asking and answering simple questions. One of the activities we're introducing to develop these skills is 'Show and Tell' sessions. From next week, children are welcome to bring in small items for Show and Tell on a Wednesday (please see this week's homework for more details). These will be kept safely on a shelf during the day. We especially welcome anything linked to our topic about celebrations this term.

If you have any questions at all about anything or wish to arrange a time to talk about something in more detail, please feel free to contact us at the end of the day at the gate, or through the school office.

We look forward to another exciting and action-packed term ahead!

Many thanks,

Mrs Percy & Mrs Jobson

Murphy Class Teachers
