Dear Parents/ Carers,

We are now at the end of the penultimate week of the half term, and I genuinely cannot believe how quickly it has come around. As always, this week has been busy and full of exciting learning across the school.

Murphy Class have been exploring Space and have created the most enormous space rocket – it has certainly captured imaginations and sparked some fantastic questions and discussions. Donaldson Class have begun writing their own Goldilocks novels and I have been completely blown away by their sentence structure and enthusiasm for writing.

Rosen Class created a real-life tsunami in a giant tough tray so they could see how it builds up, linking brilliantly to their learning and curiosity about the natural world. Blackman Class have started work in the garden, moving and organising the beds ready for planting, showing great teamwork and responsibility.

On Thursday, Year 3 attended Burford Secondary School for a multi-skills event. They were absolutely brilliant – impeccably behaved and fully engaged throughout. We were incredibly proud of them.

Next week sees the final week of term and our first RE and Arts Week. It promises to be a fun and enriching week, with clay and resin workshops, drama activities and a reflective prayer space. We are very much looking forward to finishing the half term on such a creative and thoughtful note.

We are so pleased to announce that the first wave of our playground refurb will be taking place in half term where the playground will get a brand new, higher-spec Astro turf. Unfortunately, we had many problems with the current one where it has lifted in places, and we are so grateful to have fund-raised so quickly to get it replaced.

Enjoy your weekend – I hope we see some sun!

Rhiannon Abberley, **Headteacher - Be kind, be curious, be you!**
